Turnitin is moving to a new way of integrating with eLearn for better security and a simplified interface via technology. Hence, we will be migrating the current Turnitin Direct Assignment to the Turnitin LTI assignment on **1st August 2022**. This change does not affect the Turnitin marking interface, marking processes ; viewing similarity reports experience remain the same.

What will be the changes?

Submission receipts will no longer be emailed to students. Following a submission, students presented with a banner within their assignment dashboard that provides a link to download a submission receipt. They can also access their assignment dashboard at any time to download a copy of the submission receipt using the receipt icon.

The screenshot shows the Turnitin Assignment Dashboard. At the top, there is a tab labeled 'Assignment Dashboard'. Below it, a notification banner states 'Submission uploaded successfully' with a 'Download Digital Receipt' link. A button labeled 'Mark without Submission' with a question mark icon is also visible. Below the notification, there is a table with the following columns: Paper Title, Uploaded, Grade, and Similarity. The table contains one entry: 'Agriculture in Roman Britain 1.docx' uploaded on '21 Mar 2022 15:44 GMT'. To the right of the entry, there are icons for uploading, downloading, and a receipt icon (a document with a checkmark).

Paper Title	Uploaded	Grade	Similarity
Agriculture in Roman Britain 1.docx	21 Mar 2022 15:44 GMT	--
